

Dear THIRUMALA RAYA & USHA & KAVIRAJ & SHILPI,

Thank you for your generous tax-deductible gift of \$8.88 to the World Jewish Congress, American Section, which supports the vital work of the World Jewish Congress. No goods or services were provided in connection with this contribution.

Thanks to you, the World Jewish Congress stands united with more than 100 Jewish communities on six continents – no matter its size, no matter its wealth, no matter its influence, the World Jewish Congress will be there. And, of course, we will always stand firmly with Israel.

The problems we face as a people are very real, but so is our resolve. It has never been more important to understand that “All Jews Are Responsible For One Another.” That is why your gift is so deeply meaningful. Your support ensures the success of this organization as we work tirelessly to make real and lasting differences for the Jewish people everywhere.

We are grateful for your commitment to WJC’s mission and your trust in our work. With your help, we know that our destiny lies in our own hands.

Sincerely,

World Jewish Congress
